

STATISTICAL ANALYST/ECONOMIST

The International Copper Study Group (ICSG), an intergovernmental organisation established by the United Nations and based in Lisbon, Portugal, has a vacancy for a Statistical Analyst/Economist.

The Statistical Analyst/Economist should be experienced in the assembly, screening and interpretation of data, be familiar with database and presentation software, be proficient in preparing detailed statistical and economic reports to deadlines, and be skilled in presenting findings to a wide audience. The applicant must possess relevant academic qualifications in economics or other disciplines.

The candidate must be able to work flexibly in a small professional team and be fluent in English. The starting salary will depend on the applicant's qualifications and experience. Benefits include a Provident Fund, six weeks annual leave and a relocation allowance where applicable.

Applications with Curriculum Vitae should be forwarded by email to mail@icsg.org by not later than 25 October 2010.
